### Why the Increases?

*The impacts of COVID-19 have placed additional costs on childcare centers for staffing, supplies, capacity, and hours of operations and therefore we need to adjust our rates accordingly. The anticipated COVID-19 public school plan for the upcoming year shortens the amount of time children will spend onsite in school, therefore increasing hours spent in childcare. Additionally, the YWCA plans to support limited distance learning efforts to the extent possible.*

**⇒ Preschool rates are not changing.**

**⇒ Extended care is not being offered at this time.**

***Child care is offered from 7:00 AM – 5:30 PM, Monday – Friday.***
